The Colonel's Corner

by Bo Gritz

40-YEARS AGO

June Week – Graduation! White duck-trousers made crisp with starch and high pressure pressers; legs carefully opened with glistening bayonets, dawned on chairs so as not to break the crease. Shoes like black glass, white gloves, tailored gray tunics with braid and 48-polished buttons, collars tightly hooked; gold threaded chevrons; spotless white cotton webbing with centered mirror finish breast plate adorning clean shaven, radiant cadets. Scarlet sashes waist-wrapped with exactness; gold and silver swords carefully inserted and hooked into shiny leather keepers; black bucket hats with gold rimmed patent-leather brims, lustrous and pulled down tight, chin-straps at lip level; gleaming golden hat seals bearing "Virtue over Tyranny" with black-greenish feathers fluttering in the breeze: "Draw Sabers!" Sweet warm air; rows of America's best young men on a plain of green; the military band, heavy in brass and percussion bass, thunders out the cadence; proud parents, gaily dressed sweethearts, happy brothers and sisters all listen as harsh indistinguishable commands bring the Corps of Cadets, as one, with an impressive "SNAP," to a motionless Attention! Right Face! Right Shoulder Arms! F-O-R-W-A-R-D MARCH!

It is the final parade – four years of work and study leading to graduation into the "real world." Silently, you vow to make this last Review your personal best! Pride swells your chest as you corner sharply, and view the field of synchronized white legs and sea of perfectly aligned gray arms, white gloves, and rifles with flashing fixed bayonets – all moving in unison to the deep boom of the drums. The hair rises up on the back of your neck as you pass by the band and every strong note of the march, "Thunderer," resonates your soul. Dress-Right! White thumbs to forefingers, arm swing exactly six-inches to the front and three to the rear – elbows and chins in. "EYES RIGHT!" There's your girl! Out of the corner of your eye, through all the color and noise, you see your family waving and cheering. Tears well up – your throat clutches; you thrill to be here, thankful that our Founders sacrificed so much for freedom that makes possible moments like this! You made it! America is better off because of these God-fearing, high-spirited young gentlemen. It was worth every toothbrush-scrubbed commode, dark winters, snow-covered reveilles, spit-shined floors, eating at a brace, moving at the double, marching off punishment tours up and down the path until it became a rut; lonely echo Taps at night. GOD BLESS THIS LAND! The parade over, you sit as names are called, and rise to accept a leather-bound diploma. Somewhere in between, you thank God, and promise to give your

all to preserve this land and this fine tradition for those who follow. With graduation comes the passage of youth and the beginning of manhood, but the memory and promise endure.

I cherish my experience as a young cadet and revere the heritage and legacy of America's long gray line. I wish, somehow, every youngster could feel the fire of patriotism burn so fine and so deep within their breast. How different the martial-music to that of most teenagers, and their dress of trendy Nikes, "jams," tank-tops, long hair and body-rings. Mine is a generation of dinosaurs – Men trained for combat while Women offered service and support. Ships weren't floating brothels, and barracks weren't co-ed. Real men stood up for a lady, offered their arm, and opened doors. I must be wrong to think that Moms should be at home until children are gone, instead of dropping the little ones off at the lowest bidder while they pursue "careers." I thank God my Grandmom's profession included Motherhood. She rocked me to sleep and taught me to read from the Scriptures; she was my best friend; saw me through Scarlet Fever, the loss of my Dad, and prayed me through Vietnam. We even ate home cooked meals – together! I suppose the modern women finds homemaking beneath them, but I thank God everyday for such a loving person in my life and look forward to seeing her again. How many honest heartfelt prayers of thanksgiving are said by bosses, co-workers, spouses, and children for career women?

If you were born before World War II there was no Television, but you could go to the movies for a dime. Red Rider, Tom Mix, and Hoppy films didn't cost \$100 million to make, but the good guys won, and we left the theater thrilled without being mooned, grossed out, or brainwashed. Guys courted gals instead of each other, and "gay" was a happy word. We respected the flag and knew our enemies. Kids brought PB&J to class instead of LSD and guns. The whole town gathered to see the "coming out" of Detroit's new cars – not prime time TV stars. You could trust a mechanic and gas was 16-cents – including the service checks and windshield wash. Five & Dime, meant you could buy things for a nickel; pennies were worth saving, and dimes were made out of silver. "Made in USA" was the best, and words like Toshiba, Honda, Mitsubishi, Kawasaki, Sony, Toyota and Hyundai were foreign. Doctors made house calls, families grew gardens, and food was neither fast, processed, nor plastic. Our military wore the uniform of the United States, instead of UN blue. The President was respected and officers spoke the truth. We looked up to Sergeant York, Audie Murphy, G-men, and the Cop on our block; not the likes of Two Live Crew, the Simpsons, Beavis And Butt-Head!

You may agree with Hillary and her veggy, that we have never been better off, but I liked things better in Black & White. I'm glad I grew up loving the Red-White & Blue. It's for that reason that I love Idaho. We aren't caught in a cocoon of dreamy disillusionment; we simply still are, as America once was! Feel like you belong in the Jurassic Park

of Americana? You want the same for your little ones? Join Me! 208-935-1325 -- ALMOST HEAVEN!

SO COMMUNISM IS DEAD

The Gorbachev Foundation is located at the San Francisco Presidio, former U.S. VI Army Headquarters. Before relocating to America, Gorbachev was, of course, Premier of the Union of Soviet Socialist Republics and operated out of Moscow. After receiving the 1990 Nobel Peace Prize, Mikhail said goodbye to his Presidium on Christmas day 1991 with these words: Comrades do not be concerned about my use of the terms Glasnost (openness) and Perestroika (restructuring). These are only words for foreign ears. In reality we will continue our plan for Communist world domination. The next day the Hammer & Sickle came down! Why would Gorby draw the Iron Curtain? Was he beaten? Had Communism failed?

I have explained in past editions about German Philosopher Georg Hegel's theory that every thesis has an antithesis. The battle between the two gives rise to a synthesis. Free Enterprise through Liberty struggled for a generation during the Cold War against Communism and Control. If Communism is dead – what happened to our way of life? Is Socialism the synthesis? Stalin taught us that a Communist is nothing more than a Socialist in a hurry!

The year JFK was killed, Capitol Hill opened its 88th Congress. Page A-34 of the Congressional Record records on Thursday, January 10, 1963 the words of Representative A.S. Herlong, Jr. of Florida as he read off the "Current Communist Goals" from Cleon Skousen's book, The Naked Communist. Presented here is a condensation of 33-Degrees of American Communism:

- 1) Develop the illusion that total disarmament by the U.S. (Public Law 87-297) is a demonstration of moral strength.
- 2) Free Trade through a World Trade Organization.
- 3) Long-term loans to Russia.
- 4) Provide American aid to all nations.
- 5) Recognition of Red China, and admission to the UN.
- 6) Make Russia part of NATO.
- 7) Individual UN representation for all Soviet satellite nations.
- 8) Promote the UN as the only hope for mankind.
- 9) Demand a one world government with its own independent armed forces.
- 10) Do away with loyalty oaths.
- 11) Continue giving Russia access to the U.S. Patent Office.
- 12) Capture the political parties in the U.S.
- 13) Use the courts to weaken basic American institutions.
- 14) Get control of the schools. Use them for Socialist and Communist propaganda. Soften the Curriculum. Get control of the teachers' associations. Put the Party Line in text books.

AHA!

15) Infiltrate the Press. Get control of book-review assignments, editorial writing, policy making positions, key positions in radio, TV, and motion pictures.

16) Eliminate all good forms of artistic expression. Substitute shapeless, awkward, and meaningless forms.

17) Eliminate laws governing obscenity. Break down cultural standards of morality by promoting pornography in books, magazines, movies, radio, and TV.

18) PRESENT HOMOSEXUALITY, DEGENERACY AND PROMISCUITY AS NORMAL, NATURAL AND HEALTHY LIFESTYLES.

19) INFILTRATE THE CHURCHES AND REPLACE RELIGION WITH GOVERNMENT DIRECTED CORPORATIONS. DESTROY GOD, DISCREDIT THE BIBLE AND EMPHASIZE THE NEED FOR "INTELLECTUAL MATURITY."

20) Eliminate Prayer and any phase of religious expression in the schools.

21) DISCREDIT THE AMERICAN CONSTITUTION BY CALLING IT INADEQUATE, OLD FASHIONED, OUT OF STEP WITH MODERN NEEDS, AND A HINDRANCE TO COOPERATION BETWEEN NATIONS.

22) DISCREDIT THE AMERICAN FOUNDING FATHERS.

23) Belittle all forms of American Culture and discourage the teaching of American History.

24) Support socialist programs of welfare, health care, etc.

25) Discredit and dismantle the FBI.

26) Gain control of unions.

27) Gain control of big business.

28) Transfer powers of arrest to social agencies.

Treat all behavioral problems as psychiatric disorders which no one but psychiatrists can understand or treat.

29) Dominate the psychiatric profession and use mental health laws as a means of gaining control over those who oppose Communist goals.

30) Discredit the family as an institution. Encourage promiscuity and easy divorce.

31) Emphasize the need of raising children away from the negative influence of parents.

32) Internationalize the Panama Canal.

33) Promote World Court jurisdiction over nations and individuals alike.

THE WORLD'S POOREST COUNTRY -- AIDING AMERICAN FAMILIES

Mother Teresa visited the U.S. in 1991. Her life is dedicated to comforting the poor and disadvantaged. She comes from Calcutta, but her workplace is the globe. Awarded the Nobel Peace Prize in 1979, she is familiar with the most poverty stricken areas on Earth. When asked to identify the poorest nation in the world, without hesitation, she replied "This one" -- meaning America! Does that surprise you? Consider her wisdom: We are the receptacle for most of the illegal narcotics; eighty-percent of our inner-city children are born out of wedlock, we have the highest divorce rate;

most violent crime, people in prison; lowest educational achievement scores; worst VD, etc.

Over 200 years ago Europe's preeminent political philosopher, Alexis de Tocqueville, concluded, after an extensive study of the new Republic: "America is great because she is good, and if America ever ceases to be good, America will cease to be great." What do you suppose we will become after crossing Clinton's 21st Century bridge to "one-worldness"? Regardless how bad America is today, we are still the freest people on Earth. Chinese gunned down in Tienanmen Square, eight years ago this May, were clutching copies of Martin Luther King's "I have a Dream" speech, our Declaration of Independence, and home-made likenesses of the Statue of Liberty. We spend billions of dollars aiding other countries, what can be done to rescue our own? Nearing the West Coast, as we flew back from Vietnam, every nose and cheek was pressed against the window to catch a glimpse of American soil. As the brown line of land came into view the plane filled with cheers. Officers and all ranks wept openly -- we were home! This is our land. Isn't it worth fighting for?

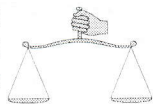

Communism separates and eliminates families in favor of the "state." America was founded on exactly the opposite principle. If we can save families, we save our homeland. I have for years signed autographs and told you: "I am Forever Your Brother -- Together We Win." What is my meaning -- What is Family? To me family is caring about others as much, or more than yourself. Some of you know that just being born to parents doesn't necessarily make family. Police know the most dangerous response can be to a domestic disturbance call. Even though families fight, they band together against an outside threat. Divorce torpedoes families -- still they can stay afloat. Family is the best place for a child to learn about life; to go for healing. Families are like SPIKES: The harder adversity strikes, the deeper they go to hold firm.

Memorial Day, several years ago, I stopped by the VA Hospital in Las Vegas to see a friend. My schedule was tight. After a few minutes, I had to leave for another appointment. Walking briskly through the lobby a woman intercepted me; "Are you Colonel Bo Gritz? Would you please take just a moment to shake my husband's hand? I know you are a busy man, but it would mean so much to him." I followed her to a corner. Hunched into a wheelchair was a very sick man. His head was down, eyes closed, countenance almost extinguished. Suddenly my heart overflowed with love and compassion -- He was my brother -- it could be me in such despair. I knelt by his side; cupped one of his big hands in mine, looked into his eyes, and said: "Welcome home brother. Thank you for your service to our nation." His lids fluttered and sparkling eyes met mine. I wasn't a doctor, I was a vet, the tonic he needed. He never spoke a word, he didn't have to; his chin quivered and tears fell freely. I hugged him: "I love you." Several days later the woman called my home. Her husband was dead. She told me, his happiest moments since being incapacitated were his

last. "He went to God as a warrior. Your visit meant so much to him. He told everyone how you hugged him. Thank You." Are we truly family? What about little Jon and Ben Wiegand, and Linda. When is the last time you took time to comfort a brother or sister?

JUSTICE JUST AHEAD

THANKS TO YOU, WE ARE MUCH CLOSER TO FREEING JON, BEN, AND LINDA! As of 19 May, Family Judge Lynda Monro rescinded the restraining order keeping Linda from her children. The judge said she was familiar with the case after seeing "SAVE JON AND BEN" bumper stickers. THIS IS A MAJOR VICTORY! Judge George Levine had imprisoned Linda, coached Kiefer, catered to Wilkinson's every whim. WHEN THOUSANDS OF YOU RESPONDED VIA TELEPHONE, FAX, LETTER, AND COMPLAINT TO CONNECTICUT AUTHORITIES, LEVINE RECUSED HIMSELF FROM ANY FURTHER CONTACT WITH THE WIEGAND CASE! Another victory.

MAY 17TH THE STATE OF CONNECTICUT AMENDED ITS COMPLAINT OF ABUSE AND NEGLECT AGAINST TOM WILKINSON TO INCLUDE SEXUAL ASSAULT. YET ANOTHER MAJOR VICTORY! Previously, Kiefer had brought suit against any person or agency who dared accuse his client, Wilkinson. Kiefer now has numerous civil actions against experts verifying Wilkinson's sodomy in Vermont. It appears that Connecticut is moving cautiously, yet steadily towards arrest of Wilkinson – all because of your insistence on action!

Linda Wiegand's trial for Custodial Interference (two counts) is now set for 29 May, but the presiding judge is questioning whether or not the prosecutor has a case against her. There is a chance the charges will be dropped! Let us fast and pray Linda is soon united with her little ones! LINDA'S CURRENT MAILING ADDRESS IS: POB 2043, ABINGTON, MASS. 02351. Send her your prayers – and remember that we are her family. I have no idea why Linda's family can't or won't give her a place to stay or reliable transportation. Linda needs both ASAP. She will have to demonstrate an existing capability of supporting herself and the boys if she is to regain her sons. Linda cannot work now because of the constant judicial demands. Please, send her whatever you can.

NOW IS THE TIME FOR US TO ATTACK! Please read the following and add your support. You can't do everything, but each of us can do something. TOGETHER WE WIN!!!

READ THIS & SAVE JON & BEN

PARADE Magazine's 3 November cover story shows Child Sexual Abuse in America surged 500% in the last 20 years! The attached Court Recorded Transcript made at the Department of Connecticut Family Services during the deposition of Jonathan Wiegand (10) by Vermont Assistant Attorney General Harrison Lebowitz is a glaring example.

Lebowitz concludes: *while reduced to tears under impeachment by his own attorneys, Jon Wiegand steadfastly maintained that he and his brother, Ben, were repeatedly raped by his step-father, Tom Wilkinson* (Call 888-208-0638 for written statement). Still Jon and Ben remain in his hands.

Wilkinson was arrested in Vermont (1993) for sexually assaulting Jon (7) and Ben (4), verified at the Harvard Medical Center. When he arranged custody through a Connecticut judge, the Mother, Linda Wiegand, fled with her sons to Nevada. They lived happily, until the FBI arrested Linda, July '96. Unlike other publicized cases, they turned Jon and Ben over to Wilkinson, who moved them to New York. Linda presented her evidence to a New York judge and received an emergency custody order, August '96 (Copy at 888-208-0638). Wilkinson removed the boys to Connecticut. When Linda and a Hartford Interval House representative presented the order to Suffield Police, they were told to **GET OUT OR BE ARRESTED!** The Hartford Child Advocate filed a complaint with no effect (Copy at 888-208-0638).

Upon petition by Wilkinson, Connecticut Judge Levine confined Linda in the York Maximum Security Prison for 126 days (Dec-Apr) until rescued after numerous complaints to the Judicial Review Council. A Family Services worker confided the reason for such bizarre conduct is out of fear that Linda Wiegand will sue Connecticut for failing to protect her children, as she has repeatedly requested. **The boys' pediatrician signed two letters** (Call 888-208-0638 for copies) insisting **they are in grave physical and emotional danger.** The Connecticut State's Attorney REPORTED IN WRITING that Jon and Ben are in peril and months ago recommended immediate action by Family Services (888-208-0638) – **Jon and Ben remain against their will with Wilkinson!**

READ THE ATTACHED OFFICIAL TRANSCRIPT. PAY SPECIAL ATTENTION TO PAGES: 8 (HIDEOUS ASSAULT), 11 (RAPED 20 TIMES), 13 (NUMEROUS THREATS AT KNIFE-POINT), 23 (JON'S TRAUMA), 26 (SATANIC RITUAL), 62, 64 (SELF-DESTRUCTIVE BEHAVIOR). Don't let Jon and Ben become a statistic because you're too busy or intimidated to act. WHY, WITH ALL THIS CONCLUSIVE EVIDENCE, ARE JON AND BEN STILL AT RISK? DON'T CHILDREN HAVE A RIGHT TO SAFETY?

YOU ARE SOMEONE WHO CAN SAVE JON AND BEN! ACT NOW! THINK OF YOUR OWN CHILDREN! For ALL supporting documents call toll free 888-208-0638! **DO IT TODAY – PLEASE!**

The above cover letter is attached to more than 1,000 copies of the "sealed" court transcript that clearly and graphically shows how Jon and Ben were horribly sodomized by Wilkinson. I am mailing a copy to all 535 members of Congress. Volunteers hand delivered a personal copy for every representative in the Connecticut State Legislature, Governor Rowland, Attorney General Blumenthal, and other responsible officials. We are sending

copies to all media. One of our Special Forces supporters actually placed a copy of the transcript within the Governor's Mansion.

The actual transcript is 66 pages. The following are heartbreaking extracts to show just how vile those manipulating the Connecticut Family Services really are, just how cruel abuser Tom Wilkinson is, and how perverse a piece of human excrement, Louis Kiefer, has been in corrupting justice and endangering Tom and Ben.

Kiefer and Wilkinson sought to prove to authorities that Jon and Ben were never sexually assaulted. They set up a video-taped Court Recorded deposition at the Connecticut Department of Family Service's office in Hartford on 1 August 1996 to question Jon and Ben Wiegand. Harrison B. Libowitz, a Special Assistant Attorney General for Vermont was present, as were attorneys "representing" Jon, Ben, and Wilkinson. Vermont objected to Wilkinson being part of the interrogation and no "real" advocate for the boys, still the staged event went forward.

When the boys answered truthfully and repeatedly reaffirmed that Wilkinson sodomized them, Kiefer immediately took action in the VERMONT District Federal Court to stop the Attorney General from sharing the transcript information with Connecticut Authorities. Kiefer has filed a civil suit against every private person and state authority who has verified the boys, complaints of sexual assault by Wilkinson. Read the following sample testimony from Jonathan Wiegand and determine for yourself if they were viciously sodomized and repeatedly threatened by Thomas Wilkinson.

DEPOSITION COMMENCED AT 2:10 p.m.

BY MR. LEBOWITZ: "...what did you see happen to Ben?

JON: Well it happened to me too.

L: Okay. What happened to you?

JON I don't want to say this. Tom stuck his penis in our butt.

L: And where did this happen?

JON: In Vermont and in the house we lived in Connecticut.

L: And you also saw Tom do that to Ben?

JON: Yes.

L: How many times did it happen to you?

JON: About twenty.

L: And how many times did you see this happen to Ben?

JON: About the same.

L: Now, you said that Tom would kill you if you told anybody. How many of the twenty times do you think he said something?

JON: Maybe about fifteen.

L: Do you remember what you said about Tom and the Devil?

JON: Yes, it was scary to look at."

BY MR. STEVENS (Representing Wilkinson) "How do you feel about living with Tom and not being able to see

your mom?

JON: I hate it.

S: I don't exactly understand what Tom did to you that you didn't like?

JON: Sticks his penis in my butt.

S: Did that hurt you or anything?

JON: Yes.

S: Okay. Well, how bad did it hurt? Was it enough to make you cry or yell?

JON: No I couldn't, because he had a knife laying on the bed.

S: And you wanted to cry?

JON: Yes.

S: Okay, When did he wear his devil costume?

JON: When he was praying to the devil.

S: Devil table and candles?

JON: Yes, he'd have a little cup and he cut himself with a knife and then blood would come down into the cup.

S: And would Tom say anything to you?

JON: Yes, he would kill me if I told.

S: Did you like it or did you dislike it, him having his penis in your butt?

JON: I never liked it.

S: Was it always at night?

JON: Sometime he did it in day.

S: Okay. So when Tom did this to you, who would he stick his penis in first?

JON: Me or Ben. Doesn't matter. He did it like me or Ben, it doesn't matter.

S: And what would he do just leave it there?

JON: No. He would go up and down.

S: For forty-five minutes?

JON: Half an hour to forty-five minutes.

S: Anything else you didn't like?

JON: The devil stuff is what I didn't like. That he liked the devil and he looked like one, it scared me.

S: Did it make you feel dirty at all that Tom did those things to you?

JON: Made me feel bad, yes.

S: Did you like it at all?

JON: No.

S: And so -- would you like to get back to your mom as soon as possible?

JON: Yes, away from him. It's pretty hard what happened to us.

S: Did Tom ever cut you with a knife?

JON: No, but he was going to. It was a kitchen knife, a butcher.

S: Did you at any time, have you been so upset that you told anybody that you wanted to kill yourself?

JON: Yes. Because my life is so messed up, because this happened to us."

THE DEPOSITION CONCLUDED AT 3:30 P.M.
TAKEN BEFORE BETHANY A. CARRIER, A COURT
REPORTER AND NOTARY PUBLIC WITHIN AND FOR THE

STATE OF CONNECTICUT. 860-549-1850.

Will you help distribute these documents? We need postage, people willing to quality-copy the document and support information, volunteers to deliver copies to local media and local Congressional Offices. It is time to go on the attack; safeguard Jon and Ben, focus the light of truth on the guilty, and save the Wiegand Family before it is too late! LINDA WIEGAND HAS ENORMOUS LEGAL BILLS PILING UP. Linda's civil lawyer (Diane Polan) needs \$2,000 immediately for transcript copy costs and filing fees. Her Criminal attorney (John Schoenhorn) must have \$2,500 for witness expenses, plus \$1,500 per court day. JIM AND I NEED \$5,000 TO SUE FOR FALSE ARREST, plus continued travel, and court costs. PRAISE THE LORD AND PASS THE AMMUNITION! Send donations to Bo Gritz, Box 308, Kamiah, Idaho 83536. Call Vicci at 208-935-1325.

BO ADDS EXLAX TO CONNECTICUT COURTS

5,000 written complaints helped remove Judge George Levine from the Wiegand case. The impacted Connecticut judiciary got another shot of exlax the last days of May, as 97 copies of a sealed Wiegand deposition were supposited deep within the governmental body politick. By the next morning rumblings and explosive reactions were evident. Robert Jones (First Lenape Nation Bank) and I walked into the Enfield Court House at 3:30 p.m., Wednesday, 21 May, to check my file before appearing on 22 May. Ann Marie Cardaropoli, was headed out. Ms Cardaropoli is a reporter for the *Connecticut Journal Inquirer*. She is the person who followed-up and found the '57 Chevrolet, Jim and I were looking for before we were arrested. This time she snapped, "What is the purpose of the document your son dropped off at my office this morning?" "Did you read it, I inquired?" "Yes, but don't you know that you can get into trouble for handing out sealed court documents?" "Isn't the truth about a boy being raped 20 times more important than 'getting into trouble' over a document?" Now this next comment by Ann Marie belongs in a moronic category of its own. In all my life, I have never heard such an idiotic statement: "BUT WHAT DIFFERENCE DOES IT MAKE, HE'S ONLY A KID?" At this point I exploded: "NO, LADY, HE IS A VICTIM WHO HAS BEEN RAPED 20 TIMES AND THREATENED AT KNIFE-POINT 15 TIMES! ISN'T THAT IMPORTANT? DON'T EVEN CHILDREN HAVE A RIGHT TO SAFETY? I said some other "Bo-isms" that blanked out after my blood pressure went past critical.

Jim and I arrived on time at the Enfield Court. Tony Colleluori (our "big-bird" attorney) and Robert Jones were waiting. Robert had prepared a brief with points of law for a dismissal. Prosecutor John Malone and Tony huddled. We have a new judge, Bradford J. Ward. Linda Wiegand had reported that no currently sitting judge wanted our case, and that our trial would be delayed until September -- LINDA WIEGAND WAS RIGHT! When court finally came to order,

John Malone (same man who previously said I was a disgrace to the uniform of the United States) informed the judge that he was requesting a delay of pre-trial motions until 12 September! Malone added: "The Gritzs' don't need to be present, they have already appeared here several times."

Malone's boss is a man named Jim Thomas. Thomas wants to become a judge. Thomas has been leaning on Malone concerning Linda Wiegand. Malone wants to arrest Linda for conspiring with me to kidnap her children. Thomas is very close to arresting Wilkinson. PLEASE CALL JIM THOMAS AT 860-566-3130 AND URGE HIM TO DO THE RIGHT THING! A custody hearing on 3-4 June may well find Jon back with his Mom. When Connecticut finally takes action against Wilkinson, Linda's case goes away -- as does the case against Jim and me!

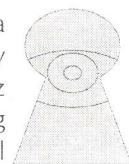

I need your help more than ever, now that we are finally turning the corner and regaining the initiative. It is only because of your calls, faxes and letters that Connecticut is beginning to react to this heinous crime against two little boys and their loving mother. PLEASE RE-DOUBLE YOUR EFFORTS. SEND IN NEW MESSAGES PRESSING RESPONSIBLE PUBLIC OFFICIALS TO ACT RESPONSIBLY! ESPECIALLY CALL, FAX AND WRITE: JAMES "Jim" THOMAS (he has authority to arrest the abuser), telephone 860-566-3130, fax 5996, address: 101 Lafayette St., Hartford, CT., 06106; GOVERNOR John G. Rowland -- 860-566-4840/524-7396 fax; also Attorney General Richard Blumenthal -- 860-566-3579/1704 fax; Linda Rossi is Commissioner of the Department of Children and Families -- call 860-550-6300, or fax 860-524-7395; John Bailey is the State's Chief Attorney 860-258-5800, fax 860-258-5858; the State just formed "The Office of the Child Advocate." Kristine Ragaglia JD, is the Chief Advisor, Dr. James Monahan is the Chairperson. Their toll free number is 1-800- 944-0939, fax 860-566-2251. John Malone is the Enfield Prosecutor pressing, with no evidence, the charges against Jim and me -- call 860-741-3473, fax 860-741-3801. **PLEASE WRITE TO ME AT: BO GRITZ, BOX 308, KAMIAH, IDAHO 83536.**

SPIKE O&I

Special Spike Operations & Intelligence will be held in the Sacramento area on Friday, 18 July -- Monday the 21st. Each Spike Team should have a minimum of four persons trained in this specialty area. Bobby Steward, Scott Weekly and Jim Gritz will join me for this extensive course covering Intelligence, Counterintelligence, Special Psychological and Tactical Operations planning.

Jim Gritz is a graduate of Special Forces O&I, and an SF Schools Instructor. Jim also served with the U.S. Army Rangers. He will teach key classes in all three areas. Bobby Steward is a Special Forces Combat O&I NCO, who served with me in Vietnam and was my right-arm in Panama. Bobby retired from active duty to join the first Prisoner of War Liberation Team (Velvet Hammer) as the mission planner.

SPIKE TEAMS are designed to serve legitimate civil and government interests during crisis periods. Such "surgical" efforts demand precise information gathering, careful planning, dependable communications, exact performance, and complete follow-through support. As a Spike Team Operations Specialist you must know how to formulate and recommend appropriate courses of action based on an accurate Estimate of the Situation, Terrain and Mission considerations. You must be expert using both a map and compass. It will be your responsibility to prepare and issue Warning Orders while conceiving Operations Plans. In Special Forces, Operations and Intelligence personnel typically provide A-Team leadership.

The Spike Intelligence Operative is responsible for Information Collection and Evaluation, establishment of Agent Networks, Counter-intelligence, Secure Transport, Safe Areas, Area Studies, PHOTINT-SIGINT-HUMINT, COMSEC, Resource Security, Weather information, and Psychological Operations. You must be expert in Photo-interpretation, Agent Handling, Interrogation, and Security Operations, including cyberspace. I will teach Special Intelligence methods using hypnosis for extra-sensory perceptions, recall, verification, and psychotherapy. Accurate and timely information comes first before Operation Planning can proceed.

Sam Adams and Ben Franklin were two key O&I operatives leading up to American Independence. They used the printing press the way contemporary patriots employ fax and copy machines. Psy-Ops is an equal and necessary partner in the foundation of INTEL-OPNS-PSYOPS. You will be trained to use state-of-the-art as well as field expedient means to accomplish mission requirements.

Nine-hours of your training will focus on Psychotherapy covering: normal and instant Hypno-induction techniques, deepening techniques, regression, proven phobia remedies, photographic memory methods, truth detection, psychological modeling for elimination of neurosis/psychotic behavior, pain control, and the use of hypnosis in special intelligence operations.

As with Scuba, Airborne, and our 12 Q-Course Spike Phases, you will receive instruction valued at thousands of dollars for only a fraction of the cost. There are two immediate requirements for you to attend Spike O&I: (1) You must have attended a previous resident Spike course or purchased a Spike Phase Training Video set (CALL VICCI IF YOU HAVE QUESTIONS AT 208-935-1325), AND (2) You must send me a \$50 deposit to secure your enrollment. Spike Scuba was such a bargain for those who attended that it cost me more than a thousand dollars after all tuition was

collected and bills were paid. The reason I'm in the hole is because of people like Annette Passey and Regan Smith, from the Salt Lake City area, who insist on writing bad checks. It becomes especially difficult when they also write bad paper to people helping us like Mister Scuba Hal Watts. The GOOD NEWS is that CFA can now accept plastic. Send cash, check, money orders to: CFA, Box 307, Kamiah, ID 83536. Call 208-935-1325 for credit card use, or use the coupon attached to the order sheet on this newsletter.

THIS IS AN INTENSIVE 11-HOUR PER DAY, 37-HOUR CLASSROOM COURSE. For those planning to attend, I highly recommend, for maximum course benefit, you review the Spike video presentations and Special Spike Manuals covering: Land Navigation video (Phase 1); Secret Service Tradecraft video (Phase 2); Organization manual (Phase 4); Caching manuals (Phase 5); Codes & Ciphers, Counter-Surveillance videos (Phase 7); Spycraft manual (Phase 9), Delta Counter-Terrorist Driving manual (Phase 10), Safe Lock, Alarms, Auto Entry and Special Intelligence Tools videos and manuals (Phase 11), Photo-Intel, Defensive Battle Drills, Hypno-Anesthesia videos and manuals (Phase 12). SPIKE O&I will feature hands-on performance in all specialty areas. I was awarded the "Intelligence Star" for recovery of a Spy Plane captured by Communist forces. These recognitions, while greatly prized, are kept very hush-hush, but no longer. I have designed your Phase-shirt, cap, and diploma after this rare tribute. Upon completion of Spike O&I you will all be Intelligence "STARS!" CALL VICCI 208-935-1325, TODAY TO ASSURE YOUR PLACE AT OPERATIONS & INTELLIGENCE, SACRAMENTO, JULY!

Following SPIKE O&I (July - Sacramento), we will present FIELD OPS - Dynamic on ground team performance of all O&I skills (Oct - Las Vegas); then SPIKE WEAPONS - Hands-on unarmed, edged, firearm, armorer, and special weapons techniques (Dec - Las Vegas); SURVIVAL - Actual applied Cold Weather, Mountain, Desert, and Water methods (Mar '98 - Las Vegas); ALTERNATIVE MEDICINE - Field collection, preparation, and application of herbs and naturopathic skills (June - Portland); COMMUNICATIONS - Actual assembly of radio and antenna for large net and long range field exercise (Sep - Denver); ALTERNATIVE LAW (Dec - Los Angeles); ENGINEERING I (Mar '99 - Atlanta), FIELD SURGERY (June - Dallas), ENGINEERING II (Sep - Almost Heaven). You see, I really do have a plan until the Coming of the Messiah!

STRANGE UNIVERSE & ALMOST HEAVEN

We get a wide variety of visitors at the Almost Heaven Gritzhaus year round, May was no exception. Austrian and German journalists, a reporter from the Seattle Post, and a team from Strange Universe. The week of 14 May was rating sweeps for all broadcasters. The executives of Fox Networks hoped to lift their market share with some Idaho sensationalism. Neither of the featured program hosts actually made the trip up the mountain to the

Weird

"compound." Instead, a female producer and two-man TV crew braved the deer, dangers, and dreaded landscape to get the inside scoop. Frustrated at the lack of armed sentries, gates, walls, guard towers, searchlights, mine fields, camouflage, face paint and machine guns, the producer called in for guidance and resorted to digging around Kamiah for dirt. The first family that looked like they might be frightened of Big-Bad-Bo was a Mom and two daughters. Did they know Bo? – Sure did! The girls gave an eye-witness account of how just the previous week, while Claudia was shopping for groceries, I had helped them give away a new litter of puppies.

Minus the juice, the program aired the night of 14 May. Almost Heaven was described correctly as "the most beautiful place on Earth," with "200 people with Bo Gritz on top of a mountain with a bunch of guns." While in my office, the film crew asked to see my "guns." The only gun immediately available was my Great-grand father's Civil War 1862 cap-and-ball Savage. I apologized for not having a cache of exotic weapons suitable for filming -- then I remembered a Commemorative Purple Heart .45 that Claudia gave me. While secured in a glass presentation case, the pistol was nevertheless loaded! The producers refused to pan their camera and show our view for fear of peeking viewers interest in joining us. Over all the show, meant to be negative and scary turned out to be positive and inviting.

The Strange Universe filmmakers just missed Randy Weaver. Randy has moved from Grand Junction, Iowa to Kalispell, Montana where Sara has purchased a vending machine business. Rachel and Elisheba are with him. Randy reports that his family is doing as well as can be expected. Kevin Harris is doing well logging at Liberty, Washington. Kevin has his own damage suit on-going against the Feds. Randy has finally decided to write a book about his family and what happened at Ruby Ridge. We talked throughout the weekend about how to self-publish and the details of my involvement in the Ruby Ridge siege. Randy hopes, with help from a friend, to have the book available for sale within the next 10-months. Gillespies opened their home to about 50 invited visitors interested in meeting Randy. Weaver has a great sense of humor and entertained us all with his "Ernest top management" stand-up comedy routine.

We are hard at work finishing the roads at "Almost Heaven Too" and the airfield at Flying Elk. The lots next to the runway will be reserved for pilots with planes. We are putting down a base rock foundation, graduated to top gravel. To this we will add seeded top soil. The 3,000-foot strip should be ready for my twin-Cessna by summer's end. We are jammed with people wanting to look at Almost Heaven property. I expect most of the homesites will be spoken for by this Fall. PLEASE ARRANGE TO COME UP AND SEE US DURING YOUR VACATION THIS YEAR -- while there is still a place for your family with us. We will probably not extend the Covenant Community any further. Currently there are five inter-connecting segments beginning with Flying Elk, Woodland Reflections, Almost Heaven,

Almost Heaven Too, and our thumb, Shenandoah. The community is planned for 250 like-minded families. All Americans are invited to look us over. CALL ME AT 208-935-1325 FOR AN APPOINTMENT TO SEE YOUR PORTION OF ALMOST HEAVEN. We have acreages, full hook-up RV lots, hill top vistas, sites with water and sewage, and an awesome 18-acre parcel atop Shenandoah.

The following is a letter written to the families now at Almost Heaven:

Welcome Neighbor!

This is the first of periodic newsletters intended for Covenant Community residents. You may still pick up a complimentary copy of the CFA Newsletter the first of each month at my home-office (Vicci).

Our community is one-of-a-kind -- an experiment. Every other "covenant" gathering is based upon a particular religion with strong central church leadership. At Almost Heaven we come together under the U.S. Constitution and our American rights. We support freedom for all Americans, but the particular promise to each other is that we will every one stand together in defense of our Covenant Community neighbor's lawful prerogatives. Mutual goals include self-reliance and safety through collective assistance. For most of us this is a final home -- until the Messiah comes. In accordance with the Scripture, II Corinthians 6:17, we have come out from a universal system of rule and trade based on centralized global government and a cashless system.

Our purpose is peace -- grounded in the principles of common law and free enterprise which are the foundations of our Republic. We will continue to live within established national, state and local ordinances in as much as they reflect the spirit of the Declaration of Independence, Bill of Rights and the Constitution. If and when this standard of law fails, we reserve the power to continue in the ways of our national founders; including ownership of property, specific liberties expressed in the Bill of Rights, and individual rights to remain free of any "mark;" choice in: worship, method of education, health maintenance, use of barter, child development.

We believe that EVERY admirable (non-criminal) American should have equal rights and treatment within the law. Our intent is to harm no person, or property in expressing our lives as individuals, families and a community. If challenged we will use the voluntary resources of the Covenant Community to provide sustenance and safety until the peril is past. This may entail: barter within the community for food, services, communication, transportation, energy; security extending to control of community access routes, and protection of individuals, families, and facilities. We are working toward being completely self-reliant as a community.

The above words represent my personal idea and plan for Almost Heaven. Most of you are here because of me and this opportunity to live within a Constitutional Covenant Community. If you're in the wrong place, I can arrange a return of the original purchase price of your lot in

exchange for a unclouded land title, and recommend a more suitable location. I believe we will eventually have 250 families under the covenant. The final area currently planned is Almost Heaven Too. Most of the available lots will probably be sold this summer. Those of you with larger lots are encouraged to sub-divide and offer space to friends, family, and others seeking a homesite. If the New World Order brings utopia, we still have one of the best homesites on Earth. If Bible prophets are right, and these are the "end-times," we are well prepared to endure while living in Liberty.

I Am Forever Your Brother,

CALLED TO SERVE:

Terry and Gloria are an Almost Heaven family from Connecticut. Each day they join together for a book-guided devotional. Terry came to our room on 21 May to help distribute the Jon Wiegand Deposition. He handed me the guide for that day. It was entitled "Called to Serve". The Bible thought came from Mark 10:35. "Jesus called the twelve and said, 'If anyone wants to be first, he must be the very last, and the servant of all.'" The missive went on: True greatness is in humble service to others who cannot reward us.

We cannot all be heroes,
And thrill a hemisphere,
With some great daring venture,
Some deed that mocks at fear;
But we can fill a lifetime
With kindly acts and true;
There's always noble service
For noble hearts to do.

My book, **CALLED TO SERVE**, was so named after the efforts of brave men and women mentioned therein. I know that we are Family. I know that Almighty God is our Father. I know that we were once valiant; I pray we will be again. It isn't easy, but certainly worth our diligence. There aren't many copies of CALLED TO SERVE remaining. Order yours today. The book is a \$50 value, reduced by half when personally inscribed by me to you. Call Vicci at 208-935-1325. Heavenly Father, I pray that Thou will help us serve our brothers and sisters as we seek to follow the Messiah, who sacrificed His Life that we might return to Thee, as Family.

The response to our Nevada gift-house offer has been minimal. We greatly appreciate those of you who have asked that the money for that purpose become contribution for the defense fund. We will be calling others for instructions on how best to return the money. Not being able to raffle our Sandy Valley home means we are in desperate need of help to pay legal expenses in our criminal case to Save Jon and Ben Wiegand. If you won't accept our airport-home of 13 years, please pray the judge will grant our motion of dismissal, and drop the charges against Linda. THANK YOU!

ANOTHER \$157 TRILLION GOLDTONE HERO BITES THE DUST

I warned you in this newsletter and over my Freedom Call radio program about Nigerian Government scams; I begged you not to get involved in Schwasinger's Delta Gold trillions, Dare Schaut's Flying Eagle scam, and other greed-schemes to filch your hard earned money. One I missed, but no less imaginary, was "Rafter Lafter Trust Company" being run out of Cheyenne, Wyoming. Six jerks established the fraud in 1994 with the hook that they had a way to break the slush fund banking codes of the La Cosa Nostra, Illuminati, CIA, and Vatican. Investors were promised a minimum of \$2,000 for every dollar invested!

Part of the bait was a ceremony performed before each pitch by a twice-convicted felon, Anthony Carta, AKA "S.W." (SECRET WEAPON)! SW was introduced as the chief bodyguard for the "Paymaster" and his daughter. SW would start each meeting by solemnly placing a .45 Cal. Automatic on the table and cover it with a Green Beret while the assembled marks were told how he was picked up by police off the streets of NYC at the height of the Vietnam War and put into a special army unit of "expendables." His mission was to sneak across Communist borders and be captured. He would then escape after learning lots of enemy secrets and tell all to the Allied High Command. Those about to be skinned of their money were told that SW had assembled a team of "expendables" to safeguard them while waiting for the big payoff. The only payoff was \$1.5 million bilked from the gullible audiences.

During the seven-week trial of SW and his fellow scam artists, a Chris Crain from the Special Forces Command was called by the prosecution to reveal SW's real military record. The super "Secret Weapon" Anthony Carta joined the Reserves in 1969 and went to Fort Dix for training as a CLERK TYPIST! He was released from the reserves as "NOT FIT FOR ACTIVE DUTY!" SW did not go to Vietnam, or received a moments instruction as a Special Forces Operative.

PLEASE, PLEASE, PLEASE ASK ME ABOUT INVESTMENTS THAT SEEM TOO GOOD TO BE TRUE – THEY PROBABLY ARE. A Man from Spokane, Washington offered to pay me \$50,000 just to be a messenger in taking an agreement between himself and the GOVERNMENT OF NIGERIA involving millions of dollars. The man had been milked for over \$150,000 and wanted Rambo to insure his millions arrived safely in America. He didn't want to learn that he had been victimized – but he was. I refused both the \$50K and the trip, but I connected him with people who quickly and conclusively proved that his good money had gone after bad.

It burns me up to see super good Americans like Perry and Sylvia in Cottonwood, Arizona give their retirement to scum on promises of "pie in the sky" millions. This couple in their golden years never missed one of my Phoenix presentations. They had been married more than sixty-two years! (When I ask Sylvia on the radio the secret to

such a long marriage, she replied: "There's no secret. If Perry had done just one more thing, I would have left him!") This beautiful couple loved me and worried about my flying around the country in a 1955 Twin Cessna that burns almost as much oil as it does av-gas. I flew down to Cottonwood to go Cat Fishing with a friend of theirs. They confided that very soon they would come into a considerable sum of money. They wanted to use some to fix up my bird. I didn't want to hurt them, but felt compelled to inquire if their life dreams were based on the Schwashinger-Schaut scheme? Sadly, it was. Snakes spreading lies, like Satan's seduction of Eve in the Garden, should be stomped out!

I met many honest, church-going Americans who assured me: "Bo, it's only \$300 and there's a chance we may get millions in return" – NOT!!! Don't be stupid! If you insist in throwing your money away, toss it into the wind so that fate may reward some truly needy person instead of greedy scam-artists. REPORT ANY SUCH OPERATION, OR OFFER TO YOUR STATE ATTORNEY GENERAL AND THE FBI. If it is on the level, no harm will result, if not, after enough complaints, the AG may choose to prosecute and fakes like Anthony Carta will go to prison – where they belong! If you want to learn about real 24K heroes, read my book Called To Serve and listen to Freedom Call!

FREEDOM CALL

Many of you in the Denver area will be glad to know that FREEDOM CALL is again on the air from 8:00 to 10:00 MDT, Monday through Friday. Station KHNC, run by Don Wiedeman, was forced to drop Freedom Call after he refused to abide by simple Talk America rules. AM/FM Station Managers are in business for a profit. They carry programming that people will listen to and businesses will pay to advertise on. The program format allows local stations to play nine minutes of their own ads. Only two minutes are reserved for "National" Talk America ads. KHNC, even after numerous warnings, continued to promote Freedom Call as their own production and use even the two minute spot for their own ads. Tom Starr, Talk America VP-Operations finally had to order KHNC to cease broadcasting my program. **THE GOOD NEWS IS THAT STATION KGAB, a 8,500 Watt AM Station from CHEYENNE, WY NOW CARRIES FREEDOM CALL! KHNC listeners can call into Wiedeman's programming and inform all listeners of FREEDOM CALL'S NEW PLACE ON THE DIAL – 650 AM.**

FREEDOM CALL can be heard off the Internet at www.talkamerica.com. Your Personal Computer (PC) needs ears (speakers) to brink in the audio over the Internet. The WWCR Short-wave frequency is 12.160 0800-0900 PDT with a replay at night on 5.070. TV Satellite can be used to hear both hours by tuning the dish to S-3, Channel 9, and pressing the audio selector to 6.8. You will be watching some pretty raunchy video, but listening to Freedom Call. You may call in during the program by dialing 1-800-298-

8255. I'm live on talk radio every Monday – Friday at 0700-0900 on selected AM/FM stations or as listed above. If you want to hear Freedom Call over your local AM/FM, have the Station Management call Talk America Radio on 1-800-298-8255. Talk America has over 300 affiliate stations. Every FREEDOM CALL program is recorded and maintained by a patriot group. Send them \$7.00 and the date, subject, guest, other clues, of the program you want, along with your return address, and they will mail you both hours of that day. There is no copyright. You are free to distribute, or use program information as it pleases you. AMERICA FIRST, POB 10121, JACKSONVILLE, FLA. 32247.

If you have a PC with Internet connection, try our Center For Action website at "www.bogritz.com." We get about 2,000 hits a week as it is. If you will ask friends to sign on, we will get enough interest for the big boys to list us as a prime site. I will post all the Linda Wiegand updates on our website, including Jon's deposition and all the referenced backup documents. You can e-mail me at bogritz@valint.net or jerryg@valint.net.

ANOTHER ENDTIME SIGN POST

It is public record that many American Jews were duped into believing Communism was an expression of Judaism. Notable rabbis are on record supporting and exhorting Jewish participation in the Bolshevik Revolution of 1917. As Communism snaked its coils around Russia, many Jews held control positions as commissars. After Lenin's death in January 1924, and Stalin's rise to power, Jews found they had little favor in Godless government. I have continually made reference to Jewish efforts in Jerusalem to restore the Alter of Solomon's Temple, last destroyed by the Roman Xth Legion in 70 A.D., as foretold by Jesus Christ. Orthodox Jews believe that restoration of the Temple puts them back into direct contact with God. Liberal American Judaism doesn't believe in the power of the Temple and scoffs at Israel's two Chief Rabbis, Ellyahu Bakshi Doron (Sephardic) and Israel Meir Lau (Ashkenazic), calling them "A Disgrace to the Jewish People," and "Dysfunctional, Morally Bankrupt." Liberal Jews, as previously reported in the FORWARD, embrace lesbian rabbi marriage and even accept God as a woman (Fathers can be too tough). If you want an insider's view of developments in Jerusalem, I suggest you subscribe to America's oldest (100 years) English version Jewish newspaper, FORWARD. It is only \$34.46 per year post paid! Call 800-849-1825.

Scripture teaches that Israel would be restored as a nation – it happened May 14th, 1948. Temple sacrifice will also be restored. The "Abomination of Desolation" occurs when the Antichrist sits in the Temple proclaiming himself to be God. This is a sure sign that Armageddon, the final battle is just around the corner! It was a miracle that Israel was reborn after 2,000 years of wandering without a legitimate homeland – that's one big score for the Prophets – wouldn't you agree? Now another marvel has appeared – on four shaky legs in the form of a Red Heifer. The calf is being

portrayed both as a "Miracle" and a "religious A-bomb." Orthodox Jews praise God that a long believed extinct bovine has been restored so that in its third year, the ashes can be used to purify Israel; whereas liberal Jews decry the little calf as a cause-celebre for radicals to start a massive religious war with one-billion Muslims as they seek to occupy Haram es-Shariff (Temple Mount) and restore ancient sacrificial rites

Previously, I have discussed these issues as pivotal current events. The Dome of the Rock and El Aqsa Mosque cover the Alter where Abraham built the alter to sacrifice Isaac. Followers of Islam believe it is the place where Mohammed ascended to Heaven. For 1,300 years the Dome has remained the third most holy Muslim location, after Saudi Arabia's Mecca and Medina. The First Temple was constructed by King David's son, Solomon in 950 B.C. The edifice housed the Ark of the Covenant, carried before Moses as Israel came out of Egyptian bondage, and Joshua crossed into the Promised Land. The Ark was lost after the Temple was destroyed a second time. Some claim it exists today within a Christian temple in Ethiopia – still others say the Ark was brought out of Jerusalem as part of the Roman spoils of war and remains hidden within the Holy Roman Church's Vatican archives. Regardless, the Israeli Government forbids Jewish prayer on the Mount as a way of pacifying Muslims. Still, PLO leader, Arafat, cites the Har Homa Jewish housing project in East Jerusalem and a new exit to an archeological tunnel as definite steps leading to a new temple.

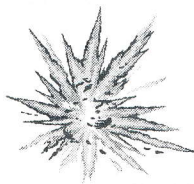

During the days of a Temple, all who entered had to be made spiritually clean by being sprinkled with a substance made mainly from the ashes of a red heifer burned in its third year. The red Heifer is a rare breed. Only nine are recorded in religious texts to have existed, and the strain has long been assumed extinct, making return to Temple ceremony impossible – until now. A dozen rabbis have examined and confirmed the new found miracle-calf is the one. The heifer was born to a black and white cow and a brown bull, on an Israeli farm for troubled and orphaned high school students. If she remains unblemished for another year and a half, she could be the critical tenth heifer. "It is written that it is the 10th heifer that the Messiah will discover and here we have the 10th heifer. This is a clear sign that the Messiah is near," said Rabbi Ido Weber Erlich from Jerusalem over Israeli Radio.

"For us the heifer is a milestone," confided Rabbi Menachem Makover, deputy director of The Temple Institute. "During the Diaspora everything was missing. No one knew about the crown worn by the high priest, for example. Now we see that everything that was gone is slowly coming back. We used to say, 'We don't have this,' or 'we don't have that,' but that is no longer an excuse. We still have political problems with the Arabs. But, from above, someone is leading us to these tools. We didn't ask for the red heifer. Suddenly it came." Dr. Kauffman, using ground search radar, has discovered the actual foundation to the original Temple is not at the Mosque, but 100 meters to the north in a clear

field!

OKC BOMBING, TWA-800, R.O.T., ELLEN, & POWs

In conclusion, I offer comment on a potpourri of recent media events. Regardless of what the jury concludes, Tim McVeigh did not act alone. The still unidentified "non-Caucasian" left leg body part, recovered wearing a military boot and blousing rubber is the key to unlocking the bombing mystery! I have, since the explosion took place on April 19th, maintained that a CIA sponsored – Special Forces trained, Libyan terrorist was contracted to actually orchestrate the devastation. Compare Tim McVeigh to Lee Oswald: both men were former elite military (McVeigh is a Gulf War vet and SF applicant – Oswald was a Marine assigned to U-2 duty). Both become extremely visible, left a clear trail of paper and statements. Oswald stood on street corners of New Orleans handing out pro-Castro leaflets, yet had constant liaison with the FBI; McVeigh wrote militia letters and dropped computer sound bites. In both cases there was a team of "drifters," who were apprehended and released. READ MY BOOK **CALLED TO SERVE** – AND YOU WILL KNOW THE TRUTH OF WHAT HAPPENED IN BOTH CASES.

TWA-800 IS AN EQUALLY DESPICABLE COVER-UP. You may think that I assume a government "conspiracy" is part of every disaster, but you would be wrong. There actually are things that "just happen," but unless you have extensive service in key Pentagon staff positions, maybe you should consider my logic – especially if you don't have a friend in the CFR who makes his living as an insider ADA (Air Defense Artillery) expert. Here is a compressed report on exactly what happened on 17 July last year. Consider that until TWA-800, the only Boeing 747s that came out of the air in pieces were blown out: 1978 Air India (bomb), 1983 KAL-007 (Mig Air-to-Air explosive Missile), 1985 Air India (bomb), 1988 Pan Am-103 (bomb), 1996 TWA-800 (US Ground-to-Air inert Missile).

Ever since an Iraqi plane hit the USS Stark with an Exocet Missile in the Strait of Hormuz, killing 37 American Seamen, on 17 May 1987; and the USS Vincennes shot down an Iranian Airbus-300 over the Persia Gulf killing 290 people in July 1988, the USG has sought to perfect a CEC (Cooperative Engagement Capability). Saddam Hussein used the "ground clutter" created by shoreline urban activity combined with military jamming to our defeat radar and IFF (Identification Friend or Foe) systems. The Vincennes thought the civilian airliner was a Mig Fighter. During the October 1973 Yom Kippur War, more than half of Egyptian air losses were attributed to "friendly" shoot downs when Arab AAA gunners couldn't tell which planes were their own. How do ground, air, and sea forces sort out friendly military from neutral civilian and hostile enemy birds? The answer was thought to be the many-many billion-dollar "AEGIS" radar integrated into an overall air, ground, sea CEC system – until July 17, 1996!

Before swallowing the NTSB-FBI-White House pabulum pill -- regardless of how sweet it may taste -- consider this: July 17, 1996, the U.S. Navy and Army were conducting final acceptance tests of the AEGIS-CEC system in the Long Island area! Earlier tests in the sterile environment off the Hawaiian island of Kauai were carried out successfully. The system had to pass a final more realistic and sophisticated test using an actual built-up area (NYC), numerous target possibilities, and radar jamming. It is a FACT that TWA-800 became an unfortunate part of that test. At the same time TWA-800 took off and began to climb out over the Atlantic toward Paris, a four-engine C-130 Hercules and Blackhawk HH-60G helicopter, crewed by members of the 106th New York Air National Guard, were in orbit over Long Island as "friendly" targets; the Coast Guard cutter Atak screened south of Long Island's Gabreski Air Guard base, and an Army missile unit launched a simulated cruise missile.

Eastward, over the horizon the AEGIS Missile Cruiser Normandy and a flotilla of U.S. Navy missile ships, steaming in the waters of Military Zone W-105, awaited the expected "boogie." W-105 had been especially selected (and activated for live fire) because of its similarity to the Persian Gulf. Commercial traffic around JFK International unwittingly provided plenty of "neutral" blips. A Navy Orion P-3 aircraft loaded with 525 pounds of up-graded computer link at 20,000 feet was an airborne member of the CEC team. The flying computer platform allowed integration of all Anti-Aircraft Artillery acquisition radars. The three-year old Top Secret test equipment was designed to discriminate between friend-neutral-foe electronic signatures, isolate the hostile threat and select the weapon best positioned for an assured kill to launch at the target.

The simulated boogie was a Navy BQM-74E missile drone launched from Shinnecock Bay, east of Riverhead, Long Island by an Army unit shortly after the "all clear" at 8:30 p.m. The drone's preprogrammed trajectory, once off-shore, cut a long left turn, 30-feet above the sea at 500 mph, away from Long Island on a southeast heading. The "hostile" drone's flight path quickly tracked over land enroute to W-105 and the fleet battle array. The Army unit was part of "Force 21," headquartered at Ft Monmouth, NJ (Eatontown).

Deep inside the airborne electronic AEGIS-CEC brain images, were being deciphered from among the land clutter, friendlies, neutrals, and the hostile BQM-74E. Using the combined power of all participating Air Force, Army and Navy radar detection units, the brainscan looked down, saw, and identified the C-130 and Blackhawk, erased all reference to the neutrals, and focused on the boogie rapidly approaching the task force just as the Exocet had as it evaded detection and hit the Stark in 1987!

As anticipated, high-tech jamming masked all but one of CEC's many electronic eyes. One had been enough in other tests. Through the thickening fog of replicated hostile images, a shot solution was plotted and relayed to the missile unit best positioned for the kill. The software then

automatically triggered the launch of a Navy Standard IV Antimissile missile. The missiles had been altered to work compatibly with the CEC brain, and would be guided over the horizon where ship and on-board missile radars couldn't see. The antimissile was programmed to climb rapidly until a "mid-course" correction would be relayed to the missile's on-board computer directing the dive to impact. Final course adjustments would be made by the missile's "semi-active" radar device after "lock-on" was achieved.

TWA-800 climbed towards 14,000 feet, about 12 miles off the south shore, as the Standard IV's receiver began sweeping a secure radio frequency seeking the course correction commands from AEGIS-CEC. Tragically, the last radar able to see the boogie through the heavy jamming and target replication suddenly and unexpectedly went blind -- the coordinated link between target tracker, guidance, and the 3,000 foot-per-second missile was broken! Unable to receive guidance commands to keep it on an intercept course with the target drone, the Standard IV reverted to its own programming and began seeking a target! In a heartbeat, the internal radar acquired the TWA 747 well above and to the west of the intended target. The precision missile made a hard right turn and hurtled straight for the mass just in front of the Boeing's right wing -- several feet below the passenger cabin.

The missile warhead was inert (dummy) and there was no initial explosion, in this first event of three, in the destruction of TWA-800. It slammed through the fuselage, exiting the left side at the forward wingroot. The huge hole combined with explosive decompression caused passengers, seats, food carts, and baggage to be sucked out and end up as a 4,700-foot trail of debris on the ocean bottom. Weakened, the plane went into a dive and eight seconds later there was a small explosion (probably the nearly empty center fuel tank) that bowed the top and broke loose seat rows 21-23. The explosion ejected Row 15, seats 1-3 to the left and the R-2 Door to the right one-half mile, and caused the front of the aircraft to breakaway and tumble (event two). Event three followed as the stump rolled left until the left wing was full down. The fire from the center tank then ignited the full right wing tanks and, at about 7,500-feet, they exploded, consuming the rest of the plane body.

I said this would be an abbreviated account. There are 34 reliable eye-witness accounts supporting the truth; rocket residue is clearly present on seat backs; CNN coverage of the reconstructed aircraft shows the clean entry and exit holes; FAA radar tapes verify the Antimissile; USG documents verify the testing in that area; along with my own private source of confirmation. Believe what you will -- you now know the truth! Did you really expect the government would admit it accidentally shot down one of our own airliners over New York airspace? How many tourists and passengers do you think would be lost if it were known that our military routinely uses unknowing civilians as part of its test equation? What would such knowledge do to our image? Now can you understand why the White House

would cover-up such an unfortunate occurrence?

THE REPUBLIC OF TEXAS movement is legitimate, McLaren wasn't. Rich McLaren started the movement, but then didn't want to follow his own rules -- he was ousted as "Ambassador", but rebelled against his own leadership. Rick took those few, who would follow him, and moved to Ft Davis, Texas, where the stand-off took place.

Even as Ohio wasn't properly brought into the Union as a State until recently, so Texas needs to be properly admitted, or recognized as a nation separate from the USA. Richard McLaren's \$75-trillion in leans on Texas property smacks of fraud, malicious filing, and Montana Freeman mentality. Like the Freeman, McLaren waits in jail to be tried on counts potentially worth \$24 million in fines and 725 years in prison -- what goes around, comes around. Most patriots agree that McLaren's gang had no right whatsoever to enter his neighbor's home under force of arms and hold the man and his wife hostage.

The only two holdouts who didn't surrender were Mike Madson and Richard Keys. Mike was a 48-year old troubled U.S. Marine from Chicago, who saw himself being constantly pursued by the law. Mike wasn't part of the R.O.T. movement. He joined the siege by driving in from Southern California. When Evelyn McLaren was persuaded by her daughters to come out, and Rick prepared to join her, Mike and Richard made plans to try and break out. Texas Rangers were delayed in their pursuit for a day while they checked McLaren's trailer and surrounding area for booby traps; then, on Cinco de Mayo, using bloodhounds and helicopters, they finally ran Mike Madson to ground. Ralph, his brother, claimed the body and had Mike's remains cremated. He told me there were two gunshot wounds; one which nearly severed the arm (high powered rifle round) and one close in directly to the heart. The message: Don't keep Texas Rangers at bay for six days thinking you can walk away without watering their thirst for a little blood sport

All that's left of Mike Madson are memories, ashes, and a Ballad -- more than most folks. Thanks to Norm Olson (Former head of the Michigan Militia), Mike has a song and lyrics reminding us of a

"PATRIOT DOWN"

Hunted and hounded neath the West Texas sun
Alone and unaided, two men on the run.
Tracked down by soldier! "No Quarter" they
cried.

With his dream of Republic, Mike Madson died.

Now his lifeblood nourishes Liberty's tree.
Mingled with thousands who fought to live free.
And the cowards that murdered the Republic's own son
Soon will be forced to be on the run!

But is the parched earth of Texas worthy again
To be drenched with the blood of Alamo men?

Or have others defiled and shamed hallowed ground
Where the graves of Travis and Bowie are found?

And I see him there standing alone
Wondering where his friends have all gone?
And I hear his voice carry the wind
"Oh, where were you my Patriot friend?"

Will we add Mount Davis to the list that has grown
Where others who stood -- stood all alone?
Remember The Alamo, and Waco my friend,
For after each battle we vowed it would end!

And we stand in the glare of the fast sitting sun,
And shamefully face the deed that we've done;
For we've turned once again our back on a man
Whose blood turns to dust in the dry Texas sand.

And I see him there, standing alone
Wondering where his friends have all gone
And I hear his voice carry the wind
"Oh where were you my Patriot friend?"

"I stood all alone and I fought and I died.
And with my last breath in loneliness cried:
Oh where were you my Patriot friend?
Can you say as before: it won't happen again?"

Ironically, Texas had no "wants or warrants" against Mike Madson. What would have been wrong with just leaving him alone? Couldn't the Department of Public Safety enforcement agents JUST GO HOME, LEAVING PEOPLE LIKE MIKE MADSON TO THE WEST TEXAS ELEMENTS? At long last the Republic of Texas has a martyr. If you want an audio tape of this tribute to Mike Madson, as song by Bob Cronkite, call 616-548-4867, or 5878.

FORTY-TWO MILLION AMERICANS WATCHED Ellen come out on ABC. I wonder how many were impressionable children who now think the way to be loved, accepted, applauded, popular, and successful, is to be gay? No question, it is politically correct today to embrace homosexuality as a normal lifestyle. Too bad the world wasn't tuned in as I interviewed David Brudnoy for two hours on Freedom Call. Who is David Brudnoy? He is probably one of the world's most intelligent men. He has a Bachelor Degree from Harvard, Masters from Yale, Doctorate from Amherst. David is Boston's Favorite Son, most listened to talk show host (WBZ), Boston Globe columnist, TV commentator, author, professor at Boston College, guest celebrity on almost every quality TV talk program. David is homosexual; has AIDS and will probably die long before his time. MY POINT: If a person as talented as David Brudnoy can get AIDS -- and admit it in his new book, **LIFE IS NOT A REHEARSAL**, isn't it evidence enough that homosexuality is NON-HABIT FORMING?

Chelsea Clinton says she is going to Stanford. David

Goldberg was already there complaining about school officials trying to stop open homosexual acts and solicitation in campus restrooms. Gay bathhouses in San Francisco (Stanford) have been found to be more deadly than World War II Jewish concentration camps! A study of 129 male homosexual convicts (average age 34) showed they had sex with more than 11,000 young boys! Gays are guilty of more than one-third of all child sexual abuse crimes. More than one-half of all syphilis carriers in America are homosexuals; as are most of those Americans with Hepatitis B, VD, intestinal parasites and ulcers, oozing blisters, genital herpes, anal warts, colitis, neurosis, and drug addiction. Three out of four AIDS carriers are homosexuals. Seventy-percent of the gays in San Francisco and New York City have AIDS. These statistics come from two Harvard Socio-scientists, Marshall Kirk and Hunter Mansen – both admitted homosexuals. To quote them: "Gay men can feel free to treat unsatisfactory relationships like Kleenex: one blow and out you go!" Gaetan Dugas, an airline steward with AIDS made this proud proclamation upon his coming-out flight: "I have gay cancer and I will die – now some of you will too." How would you like being aboard his flight. Would you have cheered and applauded at his pronouncement – knowing he had been your food and drink server? **YOU NEED TO READ DR. MAY MEMORIAL DAY found vets bellied up to bars across our nation's VFW and American Legion halls. Many Sunday parades were dampened by rain. The Purple Heart Memorial in Enfield, Connecticut kicked off its national drive to collect funds for a museum. Rolling Thunder was heard throughout Washington, D.C. as 250,000 motorcycle riders assembled for the 10th Annual run to "The Wall" honoring our Missing and Prisoners of War.

North Carolina Senator Jesse Helms' Republican Staff, years ago, released a declassified study in grim testimony of how the USG knowingly turned its back on American POWs in World War II (25,000 known to have been liberated by the Soviets, but never repatriated – Stalin wanted \$7-billion in 1945 dollars for their return); Korea (5,000 US POWs known to have been moved up through Manchuria into the USSR) and Vietnam. This year the North Korean Communists offered to reveal the fate of some Americans – for the right price. The Pentagon agreed to initially pay North Korea, \$316,500. For this amount the Koreans will initiate three recovery efforts. Each mission will cost America \$105,500. More than 8,100 GIs are still missing. The Koreans refused to allow the U.S. to interview four American Army deserters living across the 38th Parallel since the 1960s.

Ambassador Kim Byong Hong refused to answer questions about living American POWs still being held in North Korea. He said that inquiries should be made to Russia! Phil Mandra joined the USMC in 1950 and never

came home from the "conflict." Russian doctors and other officials confirmed last month that he was alive in the Soviet Gulag in the late 1970s. Does it anger you that out of billions of tax dollars in foreign aid to our former Communist enemies, not one penny goes to look for "living" American POWs! I still wear a POW bracelet and the "You Are Not Forgotten" flag flies daily over Almost Heaven. How do you remember those who were abandoned by the government? **NEXT TIME YOU SEE SOMEONE BURN OLD GLORY, OR TURN HER UPSIDE DOWN, REMIND THEM TO REMEMBER THE WARRIORS WHO SACRIFICED TO GIVE THEM SUCH LIBERTY!**

If you want an inside track on POW information and whats going on within the government from a veteran's point of view, I invite you to contact Ted Sampley. Sergeant First Class Sampley is a Green Beret Vietnam Vet who publishes the **VETERANS DISPATCH**. Ted has POW flags, bracelets, individual POW information, patriotic T-shirts, et al. IS AMERICA AT RISK?

Guest Article by Lindsey Williams

Due to the overwhelming response we received from the May 9, 1997, Freedom Call Radio Broadcast wherein Bo Gritz interviewed Lindsey Williams regarding deadly new diseases, Bo has requested Mr. Williams write an article for Center For Action.

Almost 50 years ago, the medical community began to turn away from the herbs and natural remedies that had been used for thousands of years in favor of modern "wonder drugs" like penicillin and other antibiotics. As a result, scientists believed that they had vanquished most deadly infectious diseases.

But today's headlines are filled with frightening stories about a resurgence of a strong strain of diseases — diseases which were associated with days long gone. Now, infectious diseases are resurging with a vengeance!

The headlines scream out at us:

SPREAD OF TB ABOARD AIRLINERS CONFIRMED!

U.S.A. Today

DANGERS FROM NEW VIRAL PLAGUES

Scientific American

EMERGING INFECTIOUS DISEASES

Laboratory Medicine

Infectious diseases are profoundly changing patterns of sickness and death. Some of these, like AIDS and Lyme disease, are new, at least in their impact. Others, like tuberculosis, malaria and cholera, although not new, are attacking human beings with a dramatically increased harshness.

There are several underlying causes of the resurgence of infectious diseases. They all seem to evolve from a common mind-set about how to deal with diseases and how to deal with the environment.

Our world presents a hostile environment that increasingly stresses and weakens our immune system, our primary line of defense against disease. You frequently hear of toxins in our environment (air, soil, and food pollution) and the harm that they can do. It impacts the very food we eat and the air we breath.

Medical research has indicated that we have the biological ability to live to be 120 years old. If this is the case, then why is the average life expectancy only 74.8 years? The medical community at large may not always agree on everything, but they agree on the answer to this one question: **The number one cause of death is not car accidents, not even cancer, but "natural causes" — THE BREAKDOWN OF THE IMMUNE SYSTEM!**

There are two distinct factors we need to address in order to prevent sickness and disease: (1) The germs from without that we come into contact with on a daily basis, and (2) the non-germ breakdown from within, which is commonly referred to as the aging process of the human body.

With regard to what I call "the germ factor," a large number of environmental stresses are attacking our body's immune system. Because of these stresses, and the sudden emergence of new and highly virulent infectious diseases, our health is being challenged severely by the breakdown of our immune systems.

With regard to what I call "the non-germ" factor, damage is begun from **within** the body — damage brought about by *free radicals*. Free radicals are reactive compounds which are unstable. They can destroy cells by damaging their membranes. This type of damage accelerates the aging process as tissues lose their function due to the steadily decreasing number of cells. New diseases are regularly being added to the free-radical list. The research that began with the major killer diseases such as heart diseases, cancer and again, have now expanded to include diseases such as arthritis, asthma, stroke and diabetes.

HOW YOU DECIDE TO PROTECT YOURSELF AND YOUR FAMILY IS THE KEY TO YOUR HEALTH AND LONG LIFE!

It can be done! You can live a full life, to your potential, if you take action to combat against the factors which will break down your body. It is in your control — it is your choice!

And I thank God every day that it is still our choice. As Americans, we have the freedom to take action — action which comes as a result of information and education.

As an author and lecturer, I am repeatedly asked what I do to add health and years to my life. It is actually very simple. First and foremost, my family and I eat a healthy, all natural diet. Additionally, I keep my immune system built up to its fullest potential in order to combat the "germ factors" by taking daily doses of Shark Liver Oil which, in my opinion, is one of the most powerful immune system builder on the market today, and I defuse the power of the free radicals in my system, the "non-germ factors," by ingesting Pycnogenol, the super "protector" nutrient which prevents and repairs cell and tissue damage caused by free radicals.

I am 61 years old, walk 6-to-10 miles each-and-every day, have a wonderful wife and three beautiful children (ages 1, 3 and 7). I live a full and vibrant life.

It is my choice. Over 20 years ago, I took action to combat the sickness and disease around me, and you can, too!

Just remember: You cannot take action too soon, for you never know how soon it will be too late.

*You can purchase the Shark Liver Oil and Pycnogenol which Lindsey Williams endorses as one of the most powerful immune-system builder and free-radical scavenger on the market today by calling **THE SURVIVAL CENTER at 1-800-321-2900.***

A portion of your purchase will go to the Bo Gritz Defense Fund. Please mention Bo when you order. Thank You!

What Is The Bo Gritz CENTER FOR ACTION???

Center For Action (CFA) was started by Col. James "Bo" Gritz and his wife Claudia in 1989. Bo had spent over 30 years of his life serving in the U.S. Army. He is America's most decorated Green Beret Commander in the Vietnam War. In General William Westmoreland's best seller, "A Solder's Report" Gen. Westmoreland dedicated a chapter to Bo and called it "THE American Soldier." Bo received 62 citations of valor.

After Vietnam Bo served as Commander of Special Forces in Latin America, Chief of Staff in the Pentagon, Congressional Officer for the Army and more. He holds three Master Degrees including Law Enforcement, Communications and Journalism.

Bo has led numerous POW/MIA rescue operations. It was during one of these that Bo was given the names of high government officials smuggling drugs by the drug Lord Khun Sa of Burma.

It was at this time in 1989 that Bo organized the Center For Action.

In 1991 Bo ran for President and asked Jerry Gillespie to join him as National Campaign Coordinator and currently serves as business partner and associate.

Bo was successful in 1992 of rescuing Randy Weaver and his girls from murder by the U.S. government. Bo testified before the U.S. Senate regarding Ruby Ridge and negotiated with the Freeman in Jordan, Montana.

In 1993 Center For Action started **SPIKE** (Specially Prepared Individuals for Key Events) Delta Force training and traveled through out the nation teaching special preparedness courses. After 3 and 1/2 years of training, thousands of students have attended the training in person or purchased the videos.

That specialized training in video form is now available to the general public. The Center continues its SPIKE training by offering special SPIKES, such as Airborne, Scuba and others.

YOU CAN ADD YEARS AND GOOD HEALTH TO YOUR LIFE!

Medical research has indicated that we have the biological ability to live to be 120 years-old . . . if our immune system is able to defend against sickness and disease!

Best-selling author, Lindsey Williams, a recent guest on Bo Gritz's Freedom Call Radio Broadcast, recommends two of the most powerful products on the market today. These two companion products can impact your quality of life and give you restored energy.

Shark Liver Oil

Will protect you from **germ-related** illnesses, such as viruses, bacteria and fungi. It contains Alkylglycerol, a substance found in mother's milk (29%), bone marrow (23%), and blood (15%). This substance is known to stimulate the bone marrow to produce more white blood cells, which activates the immune system. Scientists have identified Alkylglycerol as the strongest builder of a person's immune system. This product has the highest natural concentration of Alkylglycerol known to man (35% to 45%).

What does Shark Liver Oil do?

- ♦ **Helps protect you from an onslaught of diseases**
- ♦ **Increases the survival rate of some cancer patients**
- ♦ **Reduces the number of viral infections connected with allergies, sinus problems, flu and common colds**
- ♦ **Eases symptoms of asthma, bronchitis and arthritis**

Pycnogenol

Will help you overcome **non-germ related** health challengers, such as a poor diet, pollution, and electro-magnetic radiation. It is an antioxidant that is 20 times more powerful than Vitamin C and 50 times more effective than Vitamin E. It is the Super "**Protector**" Nutrient.

What does Pycnogenol do?

- ♦ **Fights the corrosive free radicals that damage cells and promotes a variety of life-threatening conditions**
- ♦ **Promotes prevention of Heart Disease**
- ♦ **Promotes prevention of Cancer**
- ♦ **Fights Arthritis, Diabetes and Stroke**
- ♦ **Reduces Inflammation**

"The average life expectancy. . . has been increased by more than 20% by adding antioxidants to the diet. This increase is equivalent to **raising the human life span from the present 74.8 years to 97.2 years.**" Dr. Denham Harman, M.D., Ph.D.

The number one cause of death is not car accidents, not even cancer, but "natural causes" - **the breakdown of the immune system.**

Today's headliners are filled with frightening stories about a resurgence of a strong strain of diseases - diseases which are drug-resistant. Not only are we faced with the increase of infectious diseases, we frequently hear of toxins in our environment (air, soil, and food pollution) and the harm that they can do. Health isn't everything, but without it life isn't worth very much.

THIS IS A TRUE CALL FOR ACTION.
